

WHERE LIFE BEGAN, AND ADVENTURE LIVES

DALLOL & DANAKIL DEPRESSION

MARS ON EARTH

Step into one of the most otherworldly places on the planet. The Danakil Depression—one of the lowest and hottest regions on Earth—is a land of extreme beauty, living geology, and ancient Afar traditions.

“ONE OF EARTH'S MOST EXTREME LANDSCAPES AND MOST SURREAL ADVENTURES”

EXTREME NATURE

Among the hottest and lowest places on Earth.

SURREAL LANDSCAPES

Colorful hydrothermal fields, salt flats, acid pools and volcanic formations.

AFAR CULTURE

Meet the Afar people and witness ancient salt caravan traditions.

GEOLOGICAL WONDER

A living laboratory of the Earth's most active geological forces.

ADVENTURE EXPEDITION

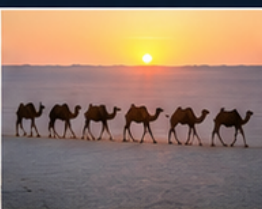

Remote. Raw. Real.
An unforgettable frontier experience.

DALLOL HYDROTHERMAL FIELDS

SALT CANYON

SALT CARAVANS

LAKE KARUM SALT FLATS

VOLCANIC LANDSCAPES
